

Gas grill/BBQ constructed in 304 stainless steel. Reversible cast iron cooking grids for meats and other products, 135 cm tall splashguard on three sides. Grease collection channel at front, easily removed for cleaning. Removable drawer for collecting cooking fats or holding water, positioned underneath the heating elements. The water allows the cooking fats to cool. Evaporation of water ensures grilled food will be tender.

Controls positioned on fixed front control panel. Heating by means of burner in stainless steel positioned under the grille, protected by the 316 stainless steel diffuser, easily removed for cleaning. Heat is adjusted by means high/lo valve with flame failure and a pilot burner. Piezo ignition. Scraper for cleaning grill supplied. Appliance equipped with height adjustable feet in stainless steel. IPX5 protection rating.
